

# Outside the Exhibit

## Newsletter No. 2 – May 2026

### Welcome

Outside the Exhibit is growing.  
More people are joining.  
More activities are happening.

This newsletter shares what's coming next and news from all areas of the project.

## What is the project about?

Outside the Exhibit is about green spaces. Green spaces can mean different things to different people. They might be:

- A park you enjoy
- A place from your past
- Somewhere you feel safe
- Or somewhere you don't feel welcome

We want to hear your thoughts. We will use what you share to create a public artwork in museums. This artwork will show what green spaces mean to local people.

## What we have been doing

Since January, we have started community workshops.

We are working in:

- Royston
- Hitchin
- Stevenage
- Watford

Activities include:

- Dance
- Film
- Photography
- Art

We are working with:

- Services for Young People (Royston)
- Triangle Community Garden (Hitchin)
- Migrant Help (Watford)
- Clitheroe Health and Wellbeing Centre (South Oxhey)
- Young Carers Crew (Stevenage)

It has been exciting to get started.  
There is lots more to come.

## Our environmental approach

We want this project to support a sustainable future.

We are taking simple steps to help the environment:

- Use less energy
- Encourage walking and public transport
- Be careful with digital storage and use
- Reuse and recycle materials where we can

We all play a part in this.

## Coming soon: Walks and Talks

We are planning Walks and Talks in:

- Stevenage
- Royston
- Hitchin
- Watford

These are relaxed group walks in local green spaces.

On the walk, you can:

- Meet new people
- Talk about your experiences of outdoor spaces
- Hear stories from others

We would like to record some stories (with your permission). We may use these in the project.

To join a walk contact BEEE Creative.

## Get involved

This project is about you and your community.

You can:

- Join a Walk and Talk
- Take part in workshops at one of the museums
- Share your ideas about green spaces

Your voice will help shape the final artwork.

## Stay connected

Follow BEEE Creative online to see updates, events and stories.
